### **15.Multidisciplinary / interdisciplinary**

The College helps students to think critically where they position themselves to learn facts more readily and are more open to adopting a range of methodologies that promote understanding.

Identifying the unique abilities of each student, sensitizing faculty to promote holistic development of each student.

The College adopts a comprehensive teaching approach that transcends the boundaries of a discipline or curriculum to enhance the scope and depth of learning. Students prepare projects such as developing mobile apps, developing websites projects, where there is a distinct emphasis on using the multidisciplinary approach. These projects have also resulted in innovative outcomes. The students also learn the basic concepts of Internet of Things, which helps them develop smart systems on integrated platforms using various bus protocols, networking, and embedded system ideas.

Students are also made aware of the domain of Data Science in which they are given knowledge about various statistical programming platforms such as R, and fundamental ideas of descriptive and inferential statistics are taught and are applied on databases for realization of Data Science principles. The working knowledge of Database management is also vital, which is shared with them in a theory course supplemented with practical.

### **16.Academic bank of credits (ABC):**

The College did not register for the Academic Bank of credits in Academic Year 2020-21.

### **17.Skill development:**

The college arranged the certification courses for the soft skills development for the overall development of students, creating skills necessary to improve employability as well as entrepreneurial abilities of students. The programme includes lectures, Industry academics interface programme and demonstrations by experts.

Thus, well known personalities from various fields are invited to share their experiences and successes. This motivates students for their overall development. Therefore, every year the college organizes seminars/workshops on soft skills development for the students.

The Soft Skill Development Programme covers the following aspects: Personality Development, Development of Interview skills and techniques, Stress management, Meditation Goal setting and time Management, Leadership Development, Communication skills, Presentation skills, Computer Awareness and Creative Thinking.

In addition to this, College also arranged Spoken English Certification course which helps students a lot. Dialogues used in everyday life, exchanges and responses using case studies as examples are given for better living in industry and in the world. Allow students to place new information and skills development into a larger context. Students can use this training to understand the essentials of language skills. Understand different sound and speech, learn pronunciation, speak without errors, build conversations, understand non-verbal communication, formal and informal communication, correct etiquette for public speaking and business presentations, personality development and self-esteem building, team building and group discussions, facing different types of interviews with confidence and preparing for and delivering successful business presentations are areas with which students focus familiarize.

The college also arranged the seminar for physical fitness with Yoga.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

The College aims to develop good, thoughtful, well rounded, and creative individuals. The College promotes multilingualism and the power of language in teaching and learning; Life skills such as communication, cooperation, teamwork.

Savitribai Phule Pune University has introduced Marathi and Hindi as core courses at UG level for promotion of Indian Languages that acquaint the learners with cultural diversity with the state and nation. Specific credit points have been allotted by the university on successful completion of the said courses.

Further, the college conducts discussions/seminars/ Essay Writing/ Handwriting Competitions in local and national languages which support the learners to acquire cultural values and respect the national heritage.

Organization of field trips, study tours and visits to local heritage sites, museums are also taken care of by the college to

teach cultural values to students.

Celebration of Marathi Bhasha Din, Hindi Diwas, Ganesh Festival and various activities conducted by the College to develop a deep sense of respect regarding Indian Culture.

The college develops a deep sense of respect for fundamental duties and constitutional values, the link with one's country, and a conscious awareness of one's roles and responsibilities in a changing world.

The college not only teaches the students how to become a good human being but it also teaches deeply rooted pride in being Indian, not only in thought, but also in spirit, as well as to develop knowledge, skills, values and attitudes. Provisions that support a responsible commitment to human rights, sustainable development and life, and global wellbeing, thus reflecting a true global citizen.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Outcome-Based Education (OBE) is a student-centric teaching and learning methodology in which the course delivery and assessment are planned to achieve stated objectives and outcomes.

It focuses on measuring students' performance, i.e., outcomes at different levels.

The OBE model measures the progress of graduates according to three parameters, viz:

- Program Outcomes (PO)
- Program Educational Outcomes (PEO)
- Course Outcomes (CO)

Savitribai Phule Pune University prescribes the syllabus specifying POs and COs for the different programs. As such, each course faculty articulates on the learning outcomes and outcomes of the program, which makes the teaching- learning process more fruitful, as students are made aware of the relevance of the topic in their pursuit of knowledge.

Mechanism of Dissemination of POs and COs: During the orientation program conducted in college, each department organizes its own

orientation with new students and parents during which the students are clearly explained how the entire evaluation process works throughout their studies. Program Outcomes and Course Outcomes are prominently displayed on departmental notice boards.

## 20.Distance education/online education:

The following ICT facilities are developed by the college as prerequisites of online education which are more useful in covid pandemic situation:

- College provides a Wi-Fi facility with 100 mbps bandwidth.
- All teachers share their own prepared notes on Google classroom.
- Teachers created academic videos, powerpoint presentations and study materials in soft copy forms.
- Some teachers created institutional YouTube channel for promotion of online education.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The college has a well-designed academic monitoring policy to track and evaluate the performance of the students on a regular basis. The students are classified as slow learners, average and advanced learners on the basis of diagnostic tests administered in the orientation period and on the basis of their performance in the class tests.

Slow Learners: Special Guidance and Remedial lectures are arranged. Special tutorials, guided self-study sessions, Question banks, extra reading material and extra practice assignments are provided to the slow learners.

College conducted a bridge course for all first year students to fill the gap between the syllabus.

Program "Good to Great" For Advanced Learners:

Advanced learners are identified on the basis of consistent performance in their college exams. The teachers interact with advanced learners and help them identify appropriate areas for higher studies as well as employment. This provides them with opportunity for research and exposure to industry, scientific research, publication and deciding their career choices. Students are encouraged to attend conferences, workshops, seminars, present posters, publish research papers and interact with the scientific community. Guidance is provided for competitive examinations. These efforts have resulted in students' performance at inter collegiate level by getting ranks.

## 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

To improve the teaching - learning process and make it more student centric, the college Management, Principal and the Faculty member share constantly striving to replace the practice of lecture method by methods like experiential learning, participative learning and problem solving methodologies. The students are provided access to computers, internet, library, e-learning resources to evince their interest in self learning and referring to gain more knowledge, to find answers to the problems on the topics and become more inquisitive. This helps in a long way to make the students participative in the class. Also, presentations, group discussions and role plays are other participative methods employed. Experiential learning is done through home assignments, projects, field work, study tours, internships, conducting and presenting papers in seminars, workshops and conferences. Organizing and participating in cultural programs, sports and extension activities also helps in experiential, participative and problem solving methodologies. Case study methods of teaching and discussions in the class, lectures from experienced and highly acclaimed personalities who share their knowledge and practical experiences in guest lectures, seminars, conferences and workshops and interacting with them are participative, experiential and problem solving methodologies employed by the faculty for enhancing learning experiences.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Due to the advancement of Information Technology and manufacture of user-friendly computers, laptops, and LCD's, as in other sectors to the field of education, today use of ICT has become common and also a necessity for teaching-learning process. In our college also, it is a common practice to bring about innovation and creativity in the teaching-learning process by use of ICT tools like LCD's, laptops for powerpoint presentations and lectures and scilab software for mathematical visualization thereby making the lectures more interesting and interactive. This method has replaced the traditional chalk and board method. Also the innovative teaching learning methods adopted are - presentations of students, group discussions, role plays, case studies - discussion and presentation, paper presentation in conferences and seminars, debates and quizzes. Creativity is learning that is developed through problem solving during industrial tours, writing in magazines, newsletters, developing software programs, developing business ideas, organizing cultural, sports, scientific and extension activities. The college fosters creativity and innovativeness in students, motivates them for betterment and makes available the resources and opportunities to do so. The students are encouraged to do brainstorming for new ideas and are guided to bring into effect the new ideas.

The dates of the tests, tutorials, presentations and mid-semesters exams are announced in advance and the syllabi are declared for the exams. we follow the university pattern for internal examination. The internal exams are conducted with strict invigilation and students have to write the answers on answer sheets provided by the college. The evaluation of the answer sheets as well as evaluation of the tests, assignments, and tutorials are very transparent. There is no bias in the evaluation. The students are shown their marks to assure them of the evaluation done. The final internal marks are checked by the HOD and if necessary by the Principal. The grievances regarding the marks are settled by a committee comprising the Principal, HOD, subject teacher and the CEO.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

There is complete transparency in the internal assessment. The criteria adopted are as directed by the parent university.

- The internal assessment test schedules are prepared as per the university and communicated to the students well in advance.
- The marks obtained by the students in internal assessment tests are displayed on the department notice board.
- The marks obtained by the students in internal assessment tests are uploaded periodically on the university web portal, along with their attendance.

Redressal of grievances at the institute level:

College Level:

The CIE of students is carried out by faculty regarding theory lectures, labs, assignments, and unit tests. The midterm marks are allotted based on defined strategies and displayed on the notice board. Query if any is discussed with faculty and HOD.

## Redressal of grievances at the university level:

The queries related to results, corrections in mark sheets, other certificates issued by the university, Students are allowed to apply for revaluation, recounting, and challenge evaluation by paying the necessary processing fee to the university if they are not satisfied with the university evaluation through college.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The college has stated graduate attributes and learning objectives. To attain these attributes Programme outcomes (POs), Programme specific outcomes (PSOs) for all academic programmes are stated by the Institute as per guidelines of NAAC. Following attributes are included in the POs.

- Knowledge ,Skill,Attitude/Values outcomes

The Course Outcomes (CO) are designed through curriculum mapping by identifying which courses, portions of courses, or series of courses fulfill each PO and are in correlation with other courses and POs.

While designing COs, knowledge domains i.e. cognitive domain, affective domain and psychomotor skills were considered.

While designing PO, PSO and CO, workshops and guest lectures were arranged for teachers by IQAC.

For each programme, PO/PSO and CO are designed through the following process steps:

- Head of department (HOD) consulted faculty and prepared the draft version of the PSO and POs with the help of teachers, which are in line with Graduate Attributes and Vision, Mission of the Institute and department.
- Views of alumni and employers are taken in to account.

- HOD and department faculty analyzed and expressed their opinion on the revised PSOs and POs.
- The process was continuously monitored by the Outcome Based Education Committee and finally was approved by IQAC.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Outcome-Based Education committee (OBEC) formulates guidelines concerning direct and indirect assessment tools to evaluate attainment of POs and COs by collaborating with course instructors. Assessment of attainment of COs is done at the end of a course. CO assessment for every course is done at individual students as well as class level to identify attainment by students. Each CO has been assigned attainment levels from 1 to 5. Level 5 is the most challenging level. The COs are mapped to POs and units, through the CO-PO and CO-Unit matrix respectively along with the correlation factor. PO attainment is achieved through courses and is computed from CO attainment.

Direct assessment tools are: Unit Tests, Tutorials, Quiz, Assignments, seminars and university exams in theory courses. For Laboratory courses, the tools used are attendance, involvement, understanding, oral, journal writing and timely submission, team work. Indirect assessment tools are through google forms for Course End Survey for each course and Program End Survey for each programme.

Every unit-test question, quiz and laboratory performance and project is mapped to the respective COs. Assignments and unit-test questions are designed well formatted. Data for assessment is collected for each CO in a particular format.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The college organizes a number of extension activities to promote institute-neighbourhood community to sensitize the students towards community needs. The students of our college actively participate in social service activities leading to their overall development. The college runs effectively National Service Scheme (NSS) also for such activities.

NSS organizes a residential seven day camp in nearby adopted village and several activities were carried out by NSS volunteers addressing social issues which include cleanliness, tree plantation, water conservation, road safety, Beti Bacho Beti Padhao, Environmental awareness, Women empowerment, National Integrity, Aids awareness, Blood donation camp, Health check up camps etc.

Other than NSS, the various departments of the college are conscious about their responsibilities for shaping students into responsible citizens of the country by making students aware of social issues through various programmes like Environmental Awareness, Awareness program on health and hygiene, Yoga day celebration, women safety, Awareness about dowry, Gender equality in education, Road Safety etc. All the above mentioned activities have positive impact on the students and it developed student community relationship, leadership skill and self confidence of students. It also helped in cultivating hidden personality of students and created awareness among students.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

#### 7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Jaikranti College of Computer Science & Management Studies implemented several measures for promoting gender equity and creating an inclusive environment.

To create a safe and supportive campus, the college has implemented various measures. This includes providing dedicated facilities such as a ladies room, separate washrooms and enhancing security through boundary walls and CCTV cameras.

The institution has a zero-tolerance policy towards ragging and maintains an Anti-Ragging Cell, along with a Grievance and Redressal Cell to address student concerns promptly.

Empowering women is a central focus of the college. It regularly organizes guest lectures on topics like women's health and empowerment, inspiring female students to achieve their goals.

In the academic year 2020-21 , the college organized various online lectures for the development and empowerment of women.

Recognizing the importance of mentorship, the college assigns mentors to groups of students, ensuring personalized guidance and support. These mentors serve as valuable resources for students in their academic and personal growth.

The college has celebrated International Women's day to raise awareness about the status and dignity of women among the students.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

#### Solid Waste Management:

The institute generates various solid wastes, including white paper, card sheets, rubber, plastics, and cardboard materials. Dustbins are strategically placed on different floors for waste collection. Separated waste is gathered and collected by the Pune municipal corporation's garbage van, while items like old newspapers and outdated brochures are sold to scrap vendors.

#### Liquid Waste Management:

Liquid and semisolid waste primarily originate from the cafeteria and staff pantry. These wastes are responsibly disposed of through the corporation's garbage collecting van and the city's sewerage system, which comprises an extensive network of underground pipes managed by the Pune Municipal Corporation. By ensuring proper disposal of liquid waste, the institute minimizes environmental contamination and supports the city's sanitation efforts.

#### E-Waste Management:

The institute handles electronic waste, including batteries, UPS systems, and discarded input devices like mouse devices, keyboards, and printers. E-waste is managed through a two-pronged approach: repair and donation. Repairable e-waste items are refurbished and reused within the institute whenever possible. Unrepairable e-waste is donated to the Pune Municipal Corporation Centre's e-waste collection facility. This practice not only promotes the reuse of electronic devices but also supports the community by contributing to their e-waste recycling initiatives.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Institute play a crucial role in sensitizing students and employees to the constitutional obligations, values, rights, duties, and responsibilities of citizens. Here are various activities commonly undertaken to inculcate values for being responsible citizens as reflected in the Constitution of India.

The college organized an Induction Program for the Staff and Students at the beginning of the Academic Year. The Induction Program caters to introducing the staff and students to their rights and responsibilities. Ethical practices and responsible behaviours expected from the staff and students are conveyed in the induction.

College organized a seminar focusing on the constitution of India that can provide students and employees with a deeper understanding of its values, principles, and provisions. These sessions may cover topics such as fundamental rights, directive principles, duties of citizens, and the role of institute in upholding constitutional ideals.

College celebrates different cultural and traditional events. These events are all about sharing and enjoying different traditions, languages, foods, and performances. They help us learn about and respect each other's cultures, which is an important part of our country's history and identity.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Jaikranti College of Computer Science & Management Studies celebrates special days and festivals from both our country and around the world. We mark important national days like Independence Day, Republic Day, and Women's Day to honor our country's history and progress.

Institute also celebrates international events such as World Environment Day and International Yoga Day, showing our commitment to global issues and well-being.

Institute celebrates cultural festivals like Diwali, Ganesh Chaturthi, Dandiya, and Christmas, where we get to experience different traditions, try delicious foods, and learn about diverse cultures.

Institute also recognizes special days like Labour Day, International Youth Day, and Teachers Day to appreciate the hard work and importance of different groups in our community.

Celebrating together is important to us. It helps us understand and respect each other's backgrounds and beliefs, making our community stronger and more inclusive. Coming together in celebration builds bonds and creates a welcoming environment for everyone at our institute.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Best Practice 1

**Title:** Jaikranti EWS Scholarship

**Objectives:** Provide financial aid to economically disadvantaged students, ensuring access to education, promoting inclusivity, and enhancing the overall learning experience.

**Context:** Jaikranti College addresses economic barriers by implementing a scholarship program to support economically backward students, aligning with its commitment to inclusivity.

**Practice:** Identify eligible students, streamline the application process, conduct thorough review, grant fee concessions, maintain regular communication, and monitor impact on academic performance.

**Success:** Increased enrollment, improved retention, positive feedback from recipients, and enhanced institutional reputation.

**Challenges:** Identifying students, efficient process management, sustainable funding, dedicated staff, and communication channels.

### Best Practice 2

**Title:** Taping Alternative Sources of Energy (Solar Energy) & Conservation of Energy

**Objectives:** Sustainability, Cost Savings, Community Engagement, Resilience, Long-Term Goals, Reputation.

**Context:** Urgency to shift to renewable energy. We're moving towards renewable energy to protect our planet and educate students about sustainability.

**Practice:** Switching to solar energy reduces pollution and saves money. We're also using LED lights to cut electricity use.

**Success:** Cost savings, integrated curriculum, reduced electricity bills, increased use of renewable energy, mitigation of global warming.

**Challenges:** Initial investment, land acquisition, labor availability, installation/maintenance costs.

**Resources:** Financial, solar experts, skilled labor, suitable land

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

In the month of March, 2020 our country underwent a nationwide lockdown in the lieu of the disease COVID-19. COVID-19 is an infectious disease caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). The lockdown was relaxed in the month of June. With relaxation in lockdown, the Government and World

Health Organization released guidelines which instructed for the use of masks in order to prevent spread of the disease.

However, the lockdown had severe repercussions over the economy which led to unemployment of many people. The worst hit were people belonging to the Lower Income Group.

So, College decided to help poor people who do not have awareness about the utility and importance of masks and the ones who cannot afford it.

The purpose of the campaign-

1. Generating awareness amongst people regarding the utility of masks in the fight against this pandemic.
  2. Distributing masks to people who did not have it.
- Urge people to wear masks who had them, yet either did not wear them properly or did not wear them in the casualness.

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

- The college is affiliated to Savitribai Phule Pune University, Pune and is a self-Financed.
- The college provides effective curriculum delivery provided by the parent University and this helps in the development of creative skills such as critical analysis, problem solving and evaluations in students.
- Syllabi are completed within the time frame with the help of teaching plan along with addition of co curricular and extracurricular activities.
- The college integrates cross-cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT and professional ethics into the curriculum.
- All students have access to value-added programs, including communication skills/soft skills.
- The college follows the curriculum and academic calendar designed by the affiliating University.
- The Library provides services by adding textbooks, reference books, journals and e-journals.
- The teachers are encouraged to attend workshops and orientation programs on curriculum design and restructuring.
- The college organizes special lectures, workshops and seminars for implementation of newsyllabi by inviting experts in the field.
- Opportunities to students are provided for development of skills through the Seminars, Group discussions, Quizes and debates.
- Teaching aids like Models, PPT's, Charts, digital White Boards are used in the classrooms.
- The feedback reports about teaching learning process fromthe stakeholdersare also preserved.

### 1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

College is affiliated to Savitribai Phule Pune University, Pune and follow the Examination pattern of the University. For each subject continuous Internal evaluation of students is carried out. Teachers decide the criteries for evaluation and convey the students these criteries in class as well as display them on the notice board. In CIE the teachers use 3 of the 7 criteria from the criterion listed below according to their respective subject.

1. Class Test
2. Seminars
3. Group Discussions
4. Open Book Test
5. Test Series
6. Oral Evaluation
7. Case Studies

Internal Exams are conducted per semester by the college. The Examination Cell of college frame guidelines for conducting the Continuous Internal Evaluation (CIE) and mention the dates in the academic calender. Scheduling of Internal Examination, Seating arrangements, invigilators for every examination is carried out by exam department. Setting the question papers, marking schemes for the internal examination is taken care of by respective teachers. Scrutiny of the prepared question papers are carried out by HODs/ Subject experts to ensure quality of the Question papers. After completion of the internal examination, the faculty members evaluate the answer sheets. The evaluated answer sheets are then shown to the students for transparency and for improvement. Result Analysis is carried out within 2 weeks from the examination. For internal marks of practical courses, the parameters of attendance, practical file, performance and viva-voce are considered.

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Our Institution offers an Outcome-Based Curriculum in which various courses are offered to address the cross-cutting issues relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics.

The Ability Enhancement Compulsory Course (AECC) on Environmental Studies is a mandatory course for all Undergraduate programmes. This course aims to make the students understand the present environment status and to know their roles and responsibilities about environmental protection. It also focuses on the scientific dimensions of various environmental issues and also enhances knowledge on the values of natural resources, various aspects of environmental issues and their causes, effects and possible solutions to overcome environmental issues and to safeguard the environment.

The objective of the course on General Awareness course is to inculcate human, social and ethical values among the students.

Besides the mandatory courses, the programmes offered by the Department of Business Administration incorporates Courses

relevant to Professional ethics, Human values like Personality development, Business law, Company law, Taxation, Direct tax, Indirect tax including GST, Auditing and Business ethics.

The Department of Computer Studies offers Cyber security which deals with the safety and security issues relevant to the IT sector.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The college has a well-designed academic monitoring policy to track and evaluate the performance of the students on a regular basis. The students are classified as slow learners, average and advanced learners on the basis of diagnostic tests administered in the orientation period and on the basis of their performance in the class tests.

**Slow Learners:** Special Guidance and Remedial lectures are arranged. Special tutorials, guided self-study sessions, Question banks, extra reading material and extra practice assignments are provided to the slow learners.

College conducted a bridge course for all first year students to fill the gap between the syllabus.

**Program "Good to Great" For Advanced Learners:**

Advanced learners are identified on the basis of consistent performance in their college exams. The teachers interact with

advanced learners and help them identify appropriate areas for higher studies as well as employment. This provides them with opportunity for research and exposure to industry, scientific research, publication and deciding their career choices. Students are encouraged to attend conferences, workshops, seminars, present posters, publish research papers and interact with the scientific community. Guidance is provided for competitive examinations. These efforts have resulted in students' performance at inter collegiate level by getting ranks.

## 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

To improve the teaching - learning process and make it more student centric, the college Management, Principal and the Faculty member share constantly striving to replace the practice of lecture method by methods like experiential learning, participative learning and problem solving methodologies. The students are provided access to computers, internet, library, e-learning resources to evince their interest in self learning and referring to gain more knowledge, to find answers to the problems on the topics and become more inquisitive. This helps in a long way to make the students participative in the class. Also, presentations, group discussions and role plays are other participative methods employed. Experiential learning is done through home assignments, projects, field work, study tours, internships,

conducting and presenting papers in seminars, workshops and conferences. Organizing and participating in cultural programs, sports and extension activities also helps in experiential, participative and problem solving methodologies. Case study methods of teaching and discussions in the class, lectures from experienced and highly acclaimed personalities who share their knowledge and practical experiences in guest lectures, seminars, conferences and workshops and interacting with them are participative, experiential and problem solving methodologies employed by the faculty for enhancing learning experiences.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Due to the advancement of Information Technology and manufacture of user-friendly computers, laptops, and LCD's, as in other sectors to the field of education, today use of ICT has become common and also a necessity for teaching-learning process. In our college also, it is a common practice to bring about innovation and creativity in the teaching-learning process by use of ICT tools like LCD's, laptops for powerpoint presentations and lectures and scilab software for mathematical visualization thereby making the lectures more interesting and interactive. This method has replaced the traditional chalk and board method. Also the innovative teaching learning methods adopted are - presentations of students, group discussions, role plays, case studies - discussion and presentation, paper presentation in conferences and seminars, debates and quizzes. Creativity is learning that is developed through problem solving during industrial tours, writing in magazines, newsletters, developing software programs, developing business ideas, organizing cultural, sports, scientific and extension activities. The college fosters creativity and innovativeness in students, motivates them for betterment and makes available the resources and opportunities to do so. The students are encouraged to do brainstorming for new ideas and are guided to bring into effect the new ideas.

The dates of the tests, tutorials, presentations and mid-semesters exams are announced in advance and the syllabi are declared for the exams. we follow the university pattern for internal examination. The internal exams are conducted with strict invigilation and students have to write the answers on answer sheets provided by the college. The evaluation of the answer sheets as well as evaluation of the tests, assignments, and tutorials are very transparent. There is no bias in the evaluation. The students are shown their marks to assure them of the evaluation done. The final internal marks are checked by the HOD and if necessary by the Principal. The grievances regarding the marks are settled by a committee comprising the Principal, HOD, subject teacher and the CEO.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

There is complete transparency in the internal assessment. The criteria adopted are as directed by the parent university.

- The internal assessment test schedules are prepared as per the university and communicated to the students well in advance.
- The marks obtained by the students in internal assessment tests are displayed on the department notice board.

- The marks obtained by the students in internal assessment tests are uploaded periodically on the university web portal, along with their attendance.

Redressal of grievances at the institute level:

College Level:

The CIE of students is carried out by faculty regarding theory lectures, labs, assignments, and unit tests. The midterm marks are allotted based on defined strategies and displayed on the notice board. Query if any is discussed with faculty and HOD.

Redressal of grievances at the university level:

The queries related to results, corrections in mark sheets, other certificates issued by the university, Students are allowed to apply for revaluation, recounting, and challenge evaluation by paying the necessary processing fee to the university if they are not satisfied with the university evaluation through college.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The college has stated graduate attributes and learning objectives. To attain these attributes Programme outcomes (POs), Programme specific outcomes (PSOs) for all academic programmes are stated by the Institute as per guidelines of NAAC. Following attributes are included in the POs.

- Knowledge ,Skill,Attitude/Values outcomes

The Course Outcomes (CO) are designed through curriculum mapping by identifying which courses, portions of courses, or series of courses fulfill each PO and are in correlation with other courses and POs.

While designing COs, knowledge domains i.e. cognitive domain, affective domain and psychomotor skills were considered.

While designing PO, PSO and CO, workshops and guest lectures were arranged for teachers by IQAC.

For each programme, PO/PSO and CO are designed through the following process steps:

- Head of department (HOD) consulted faculty and prepared the draft version of the PSO and POs with the help of teachers, which are in line with Graduate Attributes and Vision, Mission of the Institute and department.
- Views of alumni and employers are taken in to account.
- HOD and department faculty analyzed and expressed their opinion on the revised PSOs and POs.
- The process was continuously monitored by the Outcome Based Education Committee and finally was approved by IQAC.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Outcome-Based Education committee (OBEC) formulates guidelines concerning direct and indirect assessment tools to evaluate attainment of POs and COs by collaborating with course instructors. Assessment of attainment of COs is done at the end of a course. CO assessment for every course is done at individual students as well as class level to identify attainment by students. Each CO has been assigned attainment levels from 1 to 5. Level 5 is the most challenging level. The COs are mapped to POs and units, through the CO-PO and CO-Unit

matrix respectively along with the correlation factor. PO attainment is achieved through courses and is computed from CO attainment.

Direct assessment tools are: Unit Tests, Tutorials, Quiz, Assignments, seminars and university exams in theory courses. For Laboratory courses, the tools used are attendance, involvement, understanding, oral, journal writing and timely submission, team work. Indirect assessment tools are through google forms for Course End Survey for each course and Program End Survey for each programme.

Every unit-test question, quiz and laboratory performance and project is mapped to the respective COs. Assignments and unit-test questions are designed well formatted. Data for assessment is collected for each CO in a particular format.

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institute has created an Ecosystem for research and innovation both for staff and students. The institutes works hard to facilitate and provide best environment for such activities. Institute believes that staff and students are the major assets and their development plays a vital role in the development of the institute.

Collaboration - The institute has various collaborations with other colleges and industries for staff and student exchanges. Both students and staff get benefit of these collaborations. We can get access to their resources like research centers , libraries and other such resources. The institute has signed MoU's with various colleges/Institutes and industries.

Industry Visits - The college organizes visit to various industries for all the departments on time to time basis. Through such visit's students get direct exposure to practical things and come to know the actual working environment of the companies. The visits to IT industries give them knowledge about the latest trends and technologies being used in such companies.

Library - Our library is well equipped with latest software with latest national and international journals, books, magazines and other such resources. We are also able to access the libraries of other institutes with which we have MoU's.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

#### 7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Jaikranti College of Computer Science & Management Studies implemented several measures for promoting gender equity and creating an inclusive environment.

To create a safe and supportive campus, the college has implemented various measures. This includes providing dedicated facilities such as a ladies room, separate washrooms and enhancing security through boundary walls and CCTV cameras.

The institution has a zero-tolerance policy towards ragging and maintains an Anti-Ragging Cell, along with a Grievance and Redressal Cell to address student concerns promptly.

Empowering women is a central focus of the college. It regularly organizes guest lectures on topics like women's health and empowerment, inspiring female students to achieve their goals.

In the academic year 2020-21 , the college organized various online lectures for the development and empowerment of women.

Recognizing the importance of mentorship, the college assigns mentors to groups of students, ensuring personalized guidance and support. These mentors serve as valuable resources for students in their academic and personal growth.

The college has celebrated International Women's day to raise awareness about the status and dignity of women among the students.

**7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words)** Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

#### **Solid Waste Management:**

The institute generates various solid wastes, including white paper, card sheets, rubber, plastics, and cardboard materials. Dustbins are strategically placed on different floors for waste collection. Separated waste is gathered and collected by the Pune municipal corporation's garbage van, while items like old newspapers and outdated brochures are sold to scrap vendors.

#### **Liquid Waste Management:**

Liquid and semisolid waste primarily originate from the cafeteria and staff pantry. These wastes are responsibly disposed of through the corporation's garbage collecting van and the city's sewerage system, which comprises an extensive network of underground pipes managed by the Pune Municipal Corporation. By ensuring proper disposal of liquid waste, the institute minimizes environmental contamination and supports the city's sanitation efforts.

#### E-Waste Management:

The institute handles electronic waste, including batteries, UPS systems, and discarded input devices like mouse devices, keyboards, and printers. E-waste is managed through a two-pronged approach: repair and donation. Repairable e-waste items are refurbished and reused within the institute whenever possible. Unrepairable e-waste is donated to the Pune Municipal Corporation Centre's e-waste collection facility. This practice not only promotes the reuse of electronic devices but also supports the community by contributing to their e-waste recycling initiatives.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Institute play a crucial role in sensitizing students and employees to the constitutional obligations, values, rights, duties, and responsibilities of citizens. Here are various activities commonly undertaken to inculcate values for being responsible citizens as reflected in the Constitution of India.

The college organized an Induction Program for the Staff and Students at the beginning of the Academic Year. The Induction Program caters to introducing the staff and students to their rights and responsibilities. Ethical practices and responsible behaviours expected from the staff and students are conveyed in the induction.

College organized a seminar focusing on the constitution of India that can provide students and employees with a deeper understanding of its values, principles, and provisions. These sessions may cover topics such as fundamental rights, directive principles, duties of citizens, and the role of institute in upholding constitutional ideals.

College celebrates different cultural and traditional events. These events are all about sharing and enjoying different

traditions, languages, foods, and performances. They help us learn about and respect each other's cultures, which is an important part of our country's history and identity.

College celebrates Independence day, Republic day, Gandhi Jayanti, Constitution Day to inculcate values like unity, harmony, peace, democracy, significance of freedom etc.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Best Practice 1

**Title: Jaikranti EWS Scholarship**

**Objectives:** Provide financial aid to economically disadvantaged students, ensuring access to education, promoting inclusivity, and enhancing the overall learning experience.

**Context:** Jaikranti College addresses economic barriers by implementing a scholarship program to support economically backward students, aligning with its commitment to inclusivity.

**Practice:** Identify eligible students, streamline the application process, conduct thorough review, grant fee concessions, maintain regular communication, and monitor impact on academic performance.

**Success:** Increased enrollment, improved retention, positive feedback from recipients, and enhanced institutional reputation.

**Challenges:** Identifying students, efficient process management, sustainable funding, dedicated staff, and communication channels.

## Best Practice 2

**Title:** Taping Alternative Sources of Energy (Solar Energy) & Conservation of Energy

**Objectives:** Sustainability, Cost Savings,Community Engagement, Resilience, Long-Term Goals, Reputation.

**Context:** Urgency to shift to renewable energy. We're moving towards renewable energy to protect our planet and educate students about sustainability.

**Practice:**Switching to solar energy reduces pollution and saves money. We're also using LED lights to cut electricity use.

**Success:** Cost savings, integrated curriculum, reduced electricity bills, increased use of renewable energy, mitigation of global warming.

**Challenges:** Initial investment, land acquisition, labor availability, installation/maintenance costs.

**Resources:** Financial, solar experts, skilled labor, suitable land

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

In the month of March, 2020 our country underwent a nationwide lockdown in the lieu of the disease COVID-19. COVID-19 is an infectious disease caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). The lockdown was relaxed in the month of June. With relaxation in lockdown, the Government and World Health Organization released guidelines which instructed for the use of masks in order to prevent spread of the disease.

However, the lockdown had severe repercussions over the economy which led to unemployment of many people. The worst hit were people belonging to the Lower Income Group.

So, College decided to help poor people who do not have awareness about the utility and importance of masks and the ones who cannot afford it.

The purpose of the campaign-

1. Generating awareness amongst people regarding the utility of masks in the fight against this pandemic.
2. Distributing masks to people who did not have it.

- Urge people to wear masks who had them, yet either did not wear them properly or did not wear them in the casualness.
